Please state briefly (in 10 sentences or less) your vision, goals and plans for the future of ISCN.

ISCN has grown many folds in only last few years and our community expectation is different and much higher in terms of services, facilities and leadership required in the coming days.

I believe all departments of ISCN specifically BOE and BOD would have to take a more sophisticated role and adapt practices to take our community to the next level in all areas.

ISCN services would have to gear towards the young, the elderly and families to have a united direction to move in the society for our next Corona Muslim generation. We also need to establish ourselves with the city of Corona to create opportunities and establish projects to truly contribute to our fellow citizens.

I also vision ISCN establishing itself as a leadership body in the Inland Empire area for Muslim and non-Muslim communities, take active role in community affairs and going forward focus more on services to take advantage of the membership, facility and experience of our leadership.

I pray and hope that we all provide our services with utmost sincerity to our community and seek pleasure and rewards for Allah and Allah only.

Salam Alikum
